Admission Statement

Updated 9/25/2023

At Washington International School in Taichung (WIST), our admission policy is centered around admitting students who align with the core values and principles of our institution. In accordance with the Ministry of Education's (MOE) Implementation Plan for 12-year Basic Education, WIST has established an inclusive admissions policy that embodies the principles of 'education without distinction,' 'education according to aptitude,' 'nurture by nature,' and 'multiple development opportunities'. At WIST we facilitate the seamless transition of students in bridging education from elementary education to junior and senior secondary education.

Our primary goal is to offer a comprehensive and inclusive education that equips students for success in a global society. At WIST, we are dedicated to evaluating applicants based on their potential to thrive in an international educational environment. We highly value academic excellence, English proficiency, and a genuine enthusiasm for learning in our prospective students. Our admission process is designed to ensure fairness and equal opportunities for all aspiring students who wish to become part of our diverse and dynamic learning community.

Before admission to our school, students take placement tests to include English and Mathematical proficiency, and aptitude for learning. All prospective students are required to attend an interview, take placement examinations, and their educational records are assessed. The placement examinations cover English; speaking, reading, listening, writing, and mathematics.

At WIST, we welcome students between the ages of twelve and eighteen, encompassing Grade 7 to Grade 12. To ensure the best possible learning environments, class sizes are tailored to meet students' needs and align with MOE requirements.

Appendices:

Admission Procedures

In cases where the school is already at full capacity, students may be placed on a waiting list. For new students seeking admission, they are required to complete the registration process within 10 days after receiving the notification from the school. Applicants for junior high school need to provide their elementary diploma, while applicants for senior high school need to provide their junior high diploma and results from the Comprehensive Assessment Program (CAP) for Junior High School Students. Transferring students must provide their transcript and transferring certification from their previous school, and foreign students attending school in Taiwan must have their transcript certified by the overseas mission.
